

About Us

We are a Christian company, however, are not sponsored by or affiliated with any particular church, denomination, or other entity. For more info, please see our Statement of Faith.

Our Resources:

We are here to help you, help kids. We are dedicated to reach out to children with the Good News of Jesus Christ by helping Sunday school workers create high impact, fun filled lesson plans. The site provides complete Sunday school lessons for children from four years old up to the 6th grade. We provide ideas for bulletin boards, crafts, object lessons, games, activities, skits, stories, songs, teaching tips, and much more. We also have the Topical Index, a unique feature that allows you to find what you're looking for, quickly, targeted for your specific lesson.

We do not offer a preprinted curriculum, helping us and you keep cost down and eliminate waste. We achieve this by allowing you to print the material you want to use, for the exact number of students you have.

How We Got Started:

Kid's Sunday School Place Inc. began with three friends, Mike, Craig & Len, all of whom also happen to be volunteer Sunday school teachers. Discussion of creating this site began around the end of February 2000 and we have been working on putting together useful information ever since. Around 2006, Andrea and Becky came aboard and have become the driving force behind the Spanish version of Kid's Sunday School Place.

Our Backgrounds:

Together, we have a wide variety of educational backgrounds here at Kid's Sunday School Place, although none of us holds a formal degree in education. Most of the staff has attended workshops, classes and seminars relating to children's ministry or have worked in the mission fields of Mexico. Combined, we have several decades of Sunday school teaching experience.

We are always looking for ways to improve the site. We encourage questions and suggestions to help us further enhance the site. Please contact us with how you heard about the site, what you like about the site, and ways in which we could make the site a more enjoyable place for you to visit.

We hope you find the site interesting!
