

SUNDAY SCHOOL TAKE HOME PAGE

To parents:

This page lets you know what your child learned today in Sunday School. Included are "Words to Remember" from the Bible, a suggested activity to reinforce the lesson, and a short prayer. Being involved and interacting with your child can be very rewarding for both of you.

What We Learned:

Today your child learned about how God created the world and how he did so in such a loving and beautiful way. The children also learned about how many days it took for God to make the plants, the animals, the oceans and people like you and me. (Scripture used: Genesis 1:1-2:3)

Words to Remember:

(Bible versions used are selected to help young children learn and understand the meaning of scripture.)

"In the beginning God created the heavens and the earth." Genesis 1:1 NIV

Practice this verse several times with your child during the week. This will not only help your child remember the verse but it will also help to reinforce what he or she learned during class.

Suggested Parent/Child Activity:

Take a walk around your neighborhood or take your child to the park. Let your child point out things in nature that he or she remembers hearing about in the lesson. Explain that God made everything in nature, and He made it for us to enjoy!

Daily Prayer:

Dear Lord, thank You so much for all of the beautiful things all around me. Thank You for sharing the smells, colors, and shapes of all of your creation. Help me remember to thank You every day for the big things and the little things in nature. Amen.
