To parents:
This page lets you know what your child learned today in Sunday School. Included are "Words to Remember" from the Bible, a suggested activity to reinforce the lesson, and a short prayer. Being involved and interacting with your child can be very rewarding for both of you.

What We Learned:
Today, your child learned about the time God asked Noah to do something which seemed very strange to everyone in the land. He wanted Noah to build a big boat! God was pleased because Noah obeyed and did everything just like God asked. In this way, Noah proved he could be trusted with such a big job. Your child also learned how important it is for him or her to obey God. (Scripture used: Genesis 6:9-14)

Words to Remember:
(Bible versions used are selected to help young children learn and understand the meaning of scripture.)
"Noah walked with God." Genesis 6:9b NKJV
Practice this verse several times with your child during the week. This will not only help your child to remember the verse, but also it will help to reinforce what he or she learned during class.

Suggested Parent/Child Activity:
Take some time this week to remind your child that God has a big job for him or her to do. It is important to talk about this in a way your child will understand. Your child needs to be prepared and know that God has a plan for each and every one of us. Our job is to obey what He asks us to do. Explain to your child that when we simply obey God, He will take care of the rest, just like He did for Noah.

Daily Prayer:
Dear Lord, thank You for loving me and having a job ready for me. Whatever that job might be, I pray that You will give me the courage and strength to finish it and to know that You will be there to help me. Amen.
